2. MINIMUM ROSTER SIZES ... Beginning in fall, 2009 the minimum number of players a team must roster in order to play has been increased as follows: teams playing 6 v 6 must roster at least eight players; 8 v 8 teams must roster at least ten; 11 v 11 teams must roster at least thirteen. A team that does not have the minimum number on its roster at the time the system is shut down prior to each team registration day will not be registered; nor will it be included in the final bracketing for the season; nor will it be scheduled for matches. A team that has sufficient players, but whose numbers are reduced below the minimum due to errors discovered at registration, will have until the following Tuesday to make corrections and get the forms to the club's assigned registrar. If it does not, it will be as if it did not have the minimum number at the time the system was shut down prior to registration If it appears teams will not have the minimum number of players, CUSL will assist in coordinating their combination, but that must be accomplished prior to the system being shut down.
